FRIDAY MORNING, NOV. 4, 1864.

NATIONAL UNION NOMINATIONS.

For President,
ABRAHAM LINCOLN,
Of Illinois.
For Vice-President,
ANDREW JOHNSON,
Of Tennessee.
For Presidential Electors,
GEORGE L. WOODS, of Wasco County,
H. N. GEORGE, of Linn County.
J. F. GAZLEY, of Douglas County.

THE ISSUE.—It is not merely a question of who shall be the next President of the United States that comes before the people for judgment at the election next Tuesday, not a matter of preference for one man or another, but the real issue is, which of the candidates can best preserve the honor and dignity of the Republic, and in whose hands can with greatest safety be intrusted the general and individual welfare.

A righteous war is better than an unholy peace. The present war was inaugurated by rebellion, and is carried on for the purpose of preserving our nationality and maintaining the Federal Union.

The opposition claim that we are fighting to establish slavery, and that cry taken away they are devoid of argument.

It is true the Government has struck a blow at the existence of slavery, has received and cared for all refugees from Southern bondage, has armed and trained tens of thousands of slaves, and has made them efficient soldiers in the cause of the Union.

It is true that we hope to abolish slavery and thereby destroy the cause of the rebellion, thus affording a basis for a permanent peace; that we intend to do this too, Constitutionally, and that we believe freedom will bring us greater prosperity than slavery ever could.

They tell you our policy is to equalize the races, and make the negro slave that is in bondage to-day, the white man's peer. They lie when they say it, we are fighting for no such purpose, aim at no such result. While we believe it to be our duty to care for the negro be he slave or free, and to protect him in his rights, we distinctly assert that as a party we recognize that this is a nation of white men, and we wish it to remain so.

They worry themselves much as to what will become of the negro. No doubt Cuffe when free can earn as good a living and as independent a one as most of his Copperhead brother humans can. At least many negroes already do so, and we will at least give him a chance.

The question is, Who shall be President? Lincoln with his record already made—with his generals winning victories on every field—with his million of soldiers trained to fight our battles, and to follow the able generals his sagacity has placed over them—with peace in prospect, won by combats that will place the glory of the Republic beside the glories of ancient Rome. Or abandoning all this and placing the Government in the hands of an imbecile, if he be not worse—a plotter for power when he should have been a winner of victories—a schemer in the hands of plotters and schemers shrewder than himself—shall we ungirt our armor, stop the career of victories to call our generals back, disband our armies and send to their homes with shame-faced looks the men who would willingly yield their lives to avert the hour that should proclaim the coming of such a disgraceful peace.

Ponder it well and then vote!

THE IRISH, THE ENGLISH AND THE UNION.—One does not need to join the Fenian Brotherhood to learn that England has oppressed Ireland, kept her peasantry down-trodden and poor, until they have been driven to our shores, crossing an ocean to become free, uniting their fortunes with ours because *we* are free.

England in pursuing the same policy that has ruined and depopulated Ireland, fits out Confederate cruisers: trades in the Confederate loan and bestows upon the pirate Semmes a sword "*of honor*" forsooth, as if it was an honor to have been a buccaneer, and assisted to destroy the commerce of the world.

But England is for herself, all is righteous that "puts money in her purse," whatever of ruin it may work.

There was Mulligan whose pen was ever more powerful than his sword, and whose death was so lately our Nation's loss.

There is Meagher, the gallant Brigadier, who cannot support McClellan, and why not? Because he was a patriot in old Ireland, and consistency requires that he should be a patriot here.

Irish-Americans, we are with you, and we want you with us. The Cops may call you abolitionists! Prove their truth by assisting to abolish *them*.

Every vote for Lincoln and Johnson is not only support of the Union cause and your brothers in the field, but by it you

"Strike for your altars and your fires—
Strike for the green graves of your sires—
God and your native land."

TORCHLIGHT PROCESSION, SATURDAY NIGHT.—All Union men listen! We want the merchants! We want the mechanics! We want the draymen! We want the teamsters! We want the laborers!—all to turn out and bear a torch and rally around the flag of the Union on Saturday evening. We will give you patriotic music and patriotic songs, and David Logan, Esq., will, with others, wake you up with Union eloquence. Let us have two grand rallies, Saturday and Monday evenings, and then we propose to move upon their works.

STATE AGRICULTURAL SOCIETY.—At a special meeting held in Salem on the 1st inst., the following gentlemen were elected officers for the two years ensuing: H. W. Eddy, of Clackamas, President; E. M. Waite, of Marion, Corresponding Secretary; A. L. Buckingham, of Polk, Recording Secretary; and John H. Moores, of Marion Co., Treasurer.

INJUDICIOUS.—The Yreka *Union* says that the Union party intend to give $100 in greenbacks to every man who votes for Lincoln; whereupon the Red Bluff *Independent* adds:

We expect this is so, but the *Union* is rather injudicious in reporting it to its party, as there is danger of a general skedaddle to Lincoln for the sake of the greenbacks.

Letter from Oregon City.

OREGON CITY, Nov. 3, 1864.

EDITOR OREGONIAN:

The redoubtable "Dirty Ben" defiled into our quiet burgh this morning arrayed in a soiled United States soldier coat, which it is said he has worn ever since he deserted from the Union party and cause. While this may or may not be the case (and the coat looks as if it might have been worn long by a Butternut) undoubtedly the coat in its present dirty condition, is disgraced by Hayden's wearing it when it was designed for a loyal Union soldier. Listening to his speech and having attention called to that habit of repetition of the words, "Democratic party" which brands his style, I counted the toilsome phrase, from fifty to seventy-five times, when he shot his mouth off so fast in a confused medly of Abe Lincoln—Democratic party—Confiscation—Democratic party—Emancipation—Democratic party—Usurpation—Democratic party—Blood and Treasure—Democratic party—Hell and Damnation—Democratic party,—when I grew discouraged, and stopped counting.

For his logic, as a specimen, he said that the Democratic party had been in favor of every war in which this nation had been involved prior to this time; ergo their opposition to this war must be right.

His words certainly do flow, and it is my deliberate conviction that he used every word in the English language except the word "rebellion." It is also my conviction that he left that word out on purpose.

Pitching into Union men for using the magic word, "Liberty and Union," he tried the common sense and information of his gaping flock, by saying that the immortal Webster thought nothing worthy of being put into the same line and phrase with the grand word UNION. But the word Constitution; falsifying Webster's words into "the Constitution and the Union, one and inseparable, now and forever." It may have passed for good gospel with his crowd, probably it did.

In conclusion he tried to talk as if he thought McClellan would be a lucky man, on the eighth of this month, but neither his logic nor his eloquence made any of his motly throng willing to back their opinion to any small amount on their quarter eag, in the coming race. Yours for Abe and Andy.

UNION.

WALLA WALLA NEWS.—We learn from Walla Walla, W. T., that the District Court which commenced its Fall term on the 3d of October, after a session of four weeks, adjourned on Saturday last, the 29th ult. The case of Louis A. Mullan vs. Captain John and Charles N. Mullan, for a dissolution of the co-partnership existing under the firm of "Mullan Brothers," was taken up on the 14th, and after a tedious examination of some ten days, was given to the jury on Tuesday morning, Oct. 25th. The jury, after being out all night, came into Court next morning and reported that it was *impossible* for them to agree upon a verdict, whereupon they were discharged by His Honor, Judge E. P. Oliphant. The jury [illegible] stood as follows: *nine* for Louis Mullan, and *two* for John and Charles Mullan. Lasater and Langford, attorneys for plaintiff; Briggs and Mix for defendants. On Saturday afternoon last, plaintiff's counsel made a motion for the appointment, by the Court of a receiver and referee. The amount of property in dispute between the brothers litigant is some $25,000, consisting of real and personal estate, some 480 acres of land, situate some four miles from Walla Walla, mail contracts and the stage line running between Walla Walla and Lewiston.

The prisoner George H. Porter, recently convicted at Vancouver of murder in the second degree, was brought to Walla Walla on Monday evening, Oct. 27th, and safely lodged in the county jail.

The case of Emil Bordenauf, indicted at the late term of the Court for the murder of John Salbio, *alias* "Captain Jack," on the 9th of August, 1864, has been continued to the next regular April term. Simon Isaacs, charged with grand larceny, was found "guilty." A new trial granted.

Walla Walla can boast of about a dozen physicians, all with their "shingles" out, offering their services to the public.

Captain Leroy Crawford, of the Emigrant Escort, called on us yesterday afternoon, and we have gleaned many valuable items in conversation with him. The Escort consisted of only fifty men, left Omaha late in June. They found many emigrants camped on Platte river from fear of Indians. The Minnesota Sioux had been transported to the region beyond the Platte by the U. S. Government, to the number of some 7,000, and committed many depredations, and at least 50 emigrants were murdered by them during the summer. Owing to the detention on the part of Indians, many emigrants were short of provisions, and obliged to lay over to winter at Salt Lake. Some 14,000 wagons crossed the plains by the main traveled road: large numbers were known to travel north of the Platte, and a great many came a southern route. In all, Captain Crawford says, near 70,000 must have emigrated from the States this year. Many of these went into Montana Territory, and either remained there or returned again discouraged to the States. About 10,000 of the emigration went to Nevada and California; he thinks the remainder constituting the great bulk of the emigration, came on to Idaho, and a full share of them are working their way towards Oregon.

ANOTHER SHOOTING MATCH.—On Tuesday night last Main street in our city was the scene of another shooting affray which resulted in the death of a man named Reuben Highbarger—according to the verdict of a coroner's jury—from a pistol shot, fired from the hands of Christopher White. The parties named were both "sports," and got into a quarrel about some matter in the Challenge saloon, which they ended in the Bank Exchange, as above. Three shots were fired—the first by Highbarger, and the other two by White, one of which took effect in Highbarger's breast and the other in his neck, killing him almost instantly. White had an examination before Judge Oliphant on the following day and was held to bail in the sum of $1,000 to appear at the next term of the District Court.—*Walla Walla Statesman.*

GEN. WOOL'S OPINION OF THE MCCLELLAN NOMINATION.—General Wool, a life-long Democrat, has just expressed his opinion of McClellan's nomination in a letter to a friend, as follows:

I was more than delighted with the views you entertain in regard to the election of McClellan to the Presidency of the United States. You have said truthfully that "his election means the entire subserviency of the North to the South;" and you might have added, the surrender of the United States to Jefferson Davis and his Government. That such is the intention, if they succeed in the election of McClellan, of the leaders of this wide-spread conspiracy of peacemakers, there cannot be a shadow of doubt. It extends over the North as well as the South. Its influence is seen and felt in every city, town and hamlet throughout the land, with its [illegible]

INTELLIGENT BROOK RANGERS.—The Gold Hill (N. T.) *News* is responsible for the following:

The other evening a two of the unterrified were passing down the street, one of them, overflowing with Democracy and something else, roared forth stentoriously, "Hurrah for McClellan and Johnson!" "The d—l, yes!!" said his companion, "that's not right at all; Johnson's not on the ticket with Little Mac!" "Who's our man, then?" asked the first. "I'll be d—d if I know, but I know it ain't Johnson." Intelligent party, that.

NO ENTHUSIASM.—We received yesterday the New York *World* and the New York *News*, two organs unfriendly to Lincoln, and we fail to discover in either the least enthusiasm for McClellan. From the leaders of both these copperhead papers, we judge that the re-election of Lincoln is conceded by an overwhelming majority, if not unanimously. The jig is up—the game is made—roll on.—*Bulletin.*

SPECIAL DISPATCHES TO THE DAILY OREGONIAN.

LATER FROM THE EAST.

Dates to November 2.

NEW YORK, Nov. 2.—The *Tribune's* correspondent on the left of the Army of the Potomac, on the 30th, says:

The angle a mile and a half south and west that was acquired on our left by the recent strategic demonstration, is being strongly fortified. The army line on the railroad is to be immediately pushed out to the left two or three miles beyond its present terminus. This extension was easily gained, as the enemy weakened their line at that point to intercept what seemed to be a flank movement around their extreme right. While they were massing against the 2d and 5th corps on the extreme left the 9th corps shoved in at this point and took a line of their intrenchments, which was reversed and now forms our new left angle. Probably during the war there has not been made so important an extension of fortified line with so little fighting. This, like other movements recently made, demonstrates the enemy's growing weakness.

The Wilmington *Journal* of the 22d says that great preparations are making for the defence of that place, and all non-combattants are required to leave.

The Charleston *Mercury* of the 22d says: There is a movement in that vicinity to wrench Atlanta from Sherman, and intimates that it will not be done by a column of 50,000 or 100,000.

General Joe Johnston is living in retirement at Macon.

The Raleigh (N. C.) *Standard* denounces the position assumed by the convention of rebel governors.

BUFFALO, Nov. 2.—The following dispatch has been received by the Mayor:

WASHINGTON, Nov. 2.—The Department has received information from the British provinces that there is a conspiracy on foot to set fire to the principal cities in the Northern States on the day of the Presidential election. (Signed) SEWARD.

HARRISBURG, Nov. 2d.—The official votes of forty-one counties shows the following aggregate results, including the soldiers' vote: Union, 190,737; Democratic, 176,698. Union majority, 14,039.

WASHINGTON, Nov. 2.—A party of guerrillas, on Monday night last, attacked a company of colored troops near Deatonk and were repulsed.

CASTINE, Maine, Nov. 2.—On Thursday night an attack was made on the battery at this place. At midnight a party of raiders entered the city from the rear, and when challenged, immediately fired upon the sentinel, who returned the fire. The garrison mustered promptly and pursued the raiders half a mile. Several shots were exchanged. They finally escaped in a boat. It is supposed their object was the capture of the United States Cutter lying in the harbor.

NEW YORK, Nov. 2.—The *Post's* special says the slaves set free yesterday in Baltimore in pursuance to the order of Court under the new Constitution are numerous.

PROVIDENCE, R. I., Nov. 2.—The schooner *Good Speed* from Boston to Philadelphia, was boarded by the *Tallahassee* eleven miles south of Block Island, and scuttled her. The captain and crew escaped in a small boat. The captain reports that the *Tallahassee* scuttled another vessel within a short distance. The crew of the privateer said that they had the crews of four other vessels destroyed within a few days. The gunboat *Marblehead* left in pursuit this evening.

CAIRO, Nov. 2.—Information has just been received that the rebels have captured the gunboat *Undine* at Fort Hinman, Ky. No particulars. Two transports are also reported captured. It is reported the rebels are near Mayfield, Ky., advancing on Paducah.

Gold on the first was 227 @ 249. Legal Tenders weak at 45.

NEW YORK, Nov. 2.—Dr. Ross a clergyman in North Carolina, says the entire State of North Carolina, as well as Virginia are alive with rebel deserters, who in most cases are armed and organized abundantly able to protect themselves. In the western part of the State they reign supreme. They make repeated raids on wealthiest planters and rebel depots for supplies and give protection to runaway slaves, who are also armed. Authorities have given up all hope of forcing them back into ranks, and have been repulsed in efforts to this end. Jeff. Davis said when in Raleigh the deserters of the Confederate army outnumber Confederate soldiers in the field. An extensive conspiracy was recently brought to light at Raleigh, implicates many prominent officers of the conservative party, who now openly threaten to head these deserters and their friends, and take possession of the State Government of North Carolina, and all railroads in the event Gov. Vance failure to institute at once a separate State action for peace with Lincoln.

The Doctor says that it is now apparent to the rebel authorities that Grant has been affording facilities to Lee to receive reinforcements, when Grant, by a sudden spring of his trap, will close up the last gap and force Lee to capitulate. This, Governor Vance thinks, is Grant's plan which has given Jeff. Davis much concern, who is in favor of evacuating Virginia, and had repeatedly implored Lee to do so and not incur the risk of capitulating with his army.

By the steamer *Ella* we have dates from Havana dates to the 29th, City of Mexico to the 19th and Vera Cruz to the 23d.

The reported occupation of Matamoras by Mejia, and the adhesion to the empire by Cortinas is confirmed.

A severe earthquake occurred on the 3d of October, destroying the church and ecclesiastical courtroom at Laxiula, and damaging other buildings. But few deaths. Damage was also sustained at San Nicholas, Kubago and other places.

A water spout fell on the city of Monterey, flooding the streets and surrounding country, and doing much damage.

The *Estafette* says some 40 persons have been arrested in the city of Mexico as conspirators.

It is stated that Alvarez, of the State of Guerro, is about to submit to Maximilian, and also that Juarez crossed the desert of San Carlo into Chihuahua.

It is reported that the pirate Semmes arrived at Havana in an English packet.

SAN FRANCISCO, Nov. 3.—Gold quoted yesterday at from 228 to 254. Brokers in San Francisco paying 45½ for greenbacks.

ATROCIOUS MURDER.—About 9 o'clock on Sunday night a row was heard in the house of a Mexican courtesan named Belle Rodriguez, on Montgomery street. A pistol shot was heard in the house, and a man emerged from the front door crying "I'm murdered," ran down about fifty yards to the front of the Cincinnati saloon and called to [illegible] Duncan, who was standing in the door, to help him up. Duncan reached his hand out and raised him up, when he discovered a two-edged bowie knife, the blade of which was eight or ten inches in length, sticking in his side. He pulled the knife out and threw it down on the floor, when the wounded man, who proved to be Edward Baldock, formerly of Yreka, Cal., fell over apparently dead. Dr. Hedley was called and dressed the wound, but found no signs of life remaining, other than a convulsive tremor running through his frame. Simultaneously with the occurrence of the above incidents, Drs. Hogg and Harris were called to see a man in the Mexican woman's house, by the name of Ben Bloomer, who upon examination, was found to have received several severe blows on the head with some heavy instrument—a revolver perhaps—and was in a critical condition. Justice Walker, on Monday morning, summoned a jury and held an inquest over the dead body of Baldock, and elicited the following testimony in substance. Last summer Baldock was living with this woman as a paramour, and recently he has been at Auburn, Canyon City and Walla Walla, where he claimed to have received word from her requesting him to return and live with her again; accordingly he came up, and arrived here on the day [illegible] but the fickle fair one had changed her mind and [illegible] admittance on Saturday evening, but was refused. On Sunday he showed Duncan a large knife which he carried, and further Duncan showed him a fine pocket pistol that had been given to him that day in return for a present of a revolver. Baldock took the pistol and shoved it in his pocket, saying that he would not give it back that night, although requested to do so by Duncan. With the pistol in his pocket he went out [illegible] and demanded entrance, which [illegible] Bloomer [illegible] Bloomer seized the pistol with his left hand, and with his right drew a knife from his belt and plunged it into Baldock's side; the pistol in the meantime [illegible] left it sticking in the wound, and taking hold with both hands, wrenched the pistol out of his adversary's hand [illegible] ran out at the door [illegible]

Citizens of the Dalles are advised that Mr. Pearne will address them on Saturday evening next for Lincoln and Johnson and we bespeak a good hearing for this fearless able and eloquent exponent of our principles.

BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system? Do you ask what will do this? We answer, Scovill's Blood and Liver Syrup. It is curing humors in every form, and there is not a State in the Union where it has not accomplished the most astonishing cures.

MEETING OF THE COMMON COUNCIL.—The regular weekly meeting of the Common Council was held in the Council Chamber at 7 o'clock Thursday evening. Mayor Failing was present and occupied the Chair.

The following members answered to the call of the roll: Councilmen Cook, Frazar, Gradon, Hurgren, Hoffman, McCraken, Robertson and Starr.

The minutes of the previous meeting were read by the Clerk and approved by the Council.

A special communication was received from Mayor Failing, regarding the requirements of the new city charter, and containing numerous recommendations in reference to the management of financial affairs, the necessity for obtaining a dredger for the river, &c. On a motion to refer the communication to the committee on ways and means

Mr. McCraken said he thought it was important that the matter should be acted upon immediately, and as that committee had very much other business to attend to, would prefer to have the subject referred to a special committee of three to report at an early day. He would make an amendment to that effect.

Mr. Starr opposed, stating that new committees had been formed by the Mayor, and it was a subject for the committee on ways and means.

Mr. McCraken stated that there were parties in [illegible] who would be ready to negotiate with us, [illegible] in San Francisco to be delivered here, in order to facilitate matters, urged the importance of prompt work, which would be necessary to do anything. The dredging machine and [illegible] he understood, might be obtained at much less than one could be procured from New York, with the advantage that it would be an economy [illegible] saving at least one year to put it in order, and the matter worthy of inquiry.

Mr. Cook stated that members of the Council had already written to New York in reference to the [illegible] and purchase of a dredger.

The amendment was lost, and the matter referred to the committee on ways and means.

[illegible] to retail liquors were granted N. Hass and [illegible] B. Clark.

Petition of J. G. Brooks, asking to be released from real property tax, laid on the table.

The Chief Engineer submitted a report which was referred to the committee on fire and water.

Petition of property holders on Fourth street was read, asking for a change of the grade of that street, and a communication from the City Surveyor, favoring the proposed change, which was granted.

The committee on health and police reported by [illegible] on the subject of hurdy gurdy or dance houses. Report accepted; Ordinance read a second time and referred to the judiciary committee.

The standing committees were announced as reported by the Mayor, as follows:

Finance—Messrs. McCraken, Starr and [illegible]

Streets and Current Expenses—Messrs. Robertson and Cook.

Fire and Water—Messrs. Cook, Robertson and [illegible]

Lands and Public Property—Messrs. Starr, Frazar, Bennett.

Health and Police—Messrs. Hurgren, Frazar and [illegible]

Judiciary—Messrs. Hoffman, Gradon and McCraken.

[illegible] Messrs. Bennett, Cook and McCraken.

The City Collector submitted a report of the licenses [illegible] during the month of October, amounting in the aggregate to $919. Accepted.

Council Adjourned.

ENTHUSIASM AT OREGON CITY.—Parties who visited Oregon City for some days give us the [illegible] of the political speaking in that place on [illegible], by Hayden and other Democrats, and [illegible] by Messrs. Holmes, Dolph and Hall, of the Union party. On Tuesday the Court House was less than half filled and the enthusiasm [illegible]. Yesterday the town was filled. A procession headed by the Aurora Brass Band, [illegible] was so full that one speaker had to address the out-door audience. Clackamas county will give a round majority for Abe and Andy, on Tuesday next.

NIGHT AND DAY.—The saw mill of [illegible] Simpson, at the foot of Madison street in [illegible] has been running night and day for some [illegible]. The times really must be active when [illegible] interests keep so far in advance of the [illegible] lumber must be manufactured every hour [illegible]. We have two saw mills in this city, [illegible] the country can produce, and the entire [illegible] the material they can produce is now consumed in Portland, besides an occasional [illegible] of red-wood or other fine quality of [illegible] and numerous rafts of plank that find sale [illegible]

Union Club meeting at the Pioneer Hotel, [illegible] was largely attended. The audience [illegible] to splendid speeches from Mr. H. N. George and J. H. Mitchell. The patriotic singing by the Club was excellent and elicited great applause. In fact, the greatest enthusiasm prevailed, [illegible] is that Multnomah will roll up at [illegible] majority for the Union.

THEATRICAL.—At Willamette Theatre last night "The Jewess" was performed to a better house [illegible] and much to the satisfaction of the audience. The neighborhood had turned out to search for [illegible] were unsuccessful up to noon yesterday. [illegible] not learn the names of the parents, or particulars of the unfortunate occurrence.

FRONT STREET BRIDGE.—The Front street bridge [illegible] re-planked, under the superintendence of [illegible] Commissioner, for the safety of the community. A person who has a curiosity in such [illegible], has been keeping count of the number of [illegible] that daily cross this bridge, and finds that [illegible] average per day, in fine weather is about [illegible]. Surely there should be a good bridge for that amount of travel.

LOW WATER.—The present stage of water in the [illegible] is much less than has ever been known [illegible] "oldest inhabitant" among us. The depth of water on Swan Island bar, notwithstanding this, [illegible] at present to float a vessel drawing 13 [illegible]. It will thus be seen that that "bug bear" [illegible] materially less than it was at this time last year, [illegible] was the "head" of navigation.

PENITENTIARY MATTERS.—The Penitentiary is [illegible] now conducted under the new organization authorized by the State Legislature. The Superintendency, formerly in charge of Governor [illegible], devolves upon Mr. A. C. R. Shaw, former [illegible]. The appointment of the Superintendent [illegible] John C. Gardner Warden, and John F. Ward Deputy Warden.

The bark Cambridge, which has been some six [illegible] taking cargo, will leave Oak Point to-day in tow of the steamer John H. Couch, and proceed to [illegible] to-morrow. Messrs. E. W. McGraw, R. [illegible] and Theod. Silver, are passengers from this [illegible]

ACQUITTED.—Jarvin J. Bush, who has been on trial at Vancouver, in the United States District Court, for the murder of Edmund Sullivan, at the Cascades last Spring, was acquitted yesterday. The first effect of a bilious climate upon the human system is to produce torpor and inactivity of the Liver, thereby preventing the natural and free discharge of bile. All know the lurking nature of the poison that produces Fever and Ague and its kindred diseases. A sallow complexion, capricious appetite, and occasional pain in the side, are often the only symptoms to warn of impending danger. The operation of Dr. Osgood's India Cholagogue is to counteract this miasmal influence, by producing activity of the biliary organs, and a healthy discharge of bile from the system.

Guard against imitation! Be sure that you obtain *Dr. Osgood's India Cholagogue* and you are safe. Sold everywhere. Sole Agents for the Pacific Coast,

OYSTERS! OYSTERS!
Louis McMurray & Co., Baltimore.
THE ATTENTION OF THE TRADE IS PARTICULARLY requested to the above favorite brand of oysters. Messrs. McMurray & Co. claim to be the only firm that still adheres to the plan of opening the Oyster in its raw state, by hand, thus preserving intact its native delicacy and flavor. The superiority of this method over the one in general use, of steaming the oysters in bulk in order to open them, whereby the natural flavor is lost and a manufactured one has to be substituted, is apparent, and recommends itself to all who have given this brand a trial.
The undersigned are receiving fresh invoices by each arrival of clippers from New York, which they offer to the trade on favorable terms.

A Greenback Case.
HAVING been compelled to accept of Legal Tender Notes at par since the 17th day of December, 1862, for the rent of my handsome Brick Store, corner of Morrison and Front streets, I feel compelled to announce for the benefit of the public at large, that
Jacob Mayer
Leased the building of me on the 17th day of February, 1862, for a term of years, at which time there was no such currency in vogue, and it was understood the terms were CASH. Since the date above stated I have received the depreciated currency regularly under protest for the rent of the
CITY OF PARIS STORE,
Making less than two-fifths of the real amount; said Mayer was to pay. He had secured the building at very advantageous rates, and even were he now to comply with his contract, and pay in COIN, would be getting the best bargain in the city. I make this statement to show the public what kind of a man he must be to take such undue advantage of the times to convert a few dollars to himself by LEGAL SWINDLING. The public can readily see what it costs to have such tenants.

HOSTETTER'S
CELEBRATED
STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.
Vigorous digestion and pure bile produce nutricious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters
Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.
The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.
Debility, from whatever cause arising, may be cured; strength in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.
In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters.
As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.
Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

Letter from Walla Walla.

Walla Walla, W. T.,
November 1, [illegible]

Editor Oregonian:

The two companies of Oregon cavalry "A" and "E" which left Fort Walla Walla in May to form part of the military expedition against the Snakes, and to afford protection to the immigrants, etc., returned to the post on [illegible] day, October 26th, 114 [illegible] and 100 pack animals. The following are the names of the officers: Captain George B. Currey, Captain W. V. Rinehart, Lieutenants [illegible] and Silas Pepoon (Quartermaster), Mr. C[illegible], Quartermaster's clerk. Company "[illegible]" has since left here to take post at Fort Dalles, Oregon.

The District Court, after a session of four weeks, adjourned *sine die* on Saturday last. A[illegible] the two criminal cases, neither of which came to trial here, a thing of special note was transacted. The late session of court was marked by conduct and demeanor that would have done credit to the inhabitants of the Feejee Islands—a serious weakness and imbecility of the Judge, and [illegible] slang and blackguardism on the part of *certain* lawyers, for there are *honorable* exceptions in the score. His Honor, however, is a good hearted and well meaning gentleman, but is wanting in nerve and force of character. The following is a list of prices for shooting men in Walla Walla, according to the estimate of the Walla Walla *Statesman*:

Class 1.—For shooting at a man and missing him on the old battle ground, corner of Main and Third streets ... $30

Class 2.—For shooting a man on same battle ground and breaking his right arm—compelling him to use his left, and in an attempt to raise his pistol to apply the *lex talionis*, causing him to shoot an ox ... $100

Class 3.—For shooting a man in the breast and neck and killing him almost instantly—within forty yards of the same battle ground—and for scaring the Judge (who happened to be passing by just as the shots were fired) within an inch of his life ... $1000

You will perceive that the rates range from simply shooting at a person without striking him clear down to killing a gambler outright. It is high time that a law was passed making it a penitentiary offense to carry concealed weapons—the sooner the better.

The Masonic Fraternity at this place will dedicate their new Hall, which is about completed on Alder street, on the 9th of November; at night a grand ball will be given by the order. The gay ladies and gentlemen are already making preparations to "look so fine" on said occasion. I met a crowd of young damsels and good looking young men in Brown & Bros., Schnaber's, and other stores this morning making heavy purchases in advance.

In a stroll around town it is observable that the St. Vincent's Academy is in successful operation under the auspices of the kind Sisters of Charity; besides day scholars they have quite a number of young ladies from abroad; the Academy grounds have been inclosed by a substantial fence. The Catholic Church, adjacent, has been lately painted up and otherwise improved. Divine services are held by the Rev. Father Halde. Four Sisters of Charity left sometime ago to labor in the "vineyard" among the Flathead Indians of the Bitter Root Valley. The earnestness and self sacrifice which these pure and holy women make for the good of mankind are calculated to appeal to our gratitude and thanks. That religion which comes from within is shown by good works and deeds. The Rev. Father Caruana, of the Coeur d'Alene Mission, returned thither on Sunday morning.

It is gratifying to report that the public school of this city has attained a high degree of usefulness and improvement, under the tutorship of Mr. Cross. The number of scholars attending [illegible] averages about seventy.

The different hotels and boarding houses throughout the city are just now pretty well filled by fresh recruits from Boise, Owyhee, Lewiston and Kootenai. The "City Hotel," where the phlegmatic Taylor presides, has its share of public patronage, while the superb "Oriental," across the way, is full to its every room. Here the polite and gentlemanly Edward Chunk, Esq., figures as clerk, and his genial presence is quite an essential to a popular hotel.

Among the distinguished arrivals in town the following may be named: Hon. E. D. Holbrook, Delegate elect from Idaho, Dr. Hawthorne and Col. Ruckle of Portland, Hill Beachy, Esq., Lewiston, and Kenyon, of the *Age*.

Market prices—Beef 12½ to 20c per lb.; pork 25c; mutton, 20c; fresh butter, (scarce) from 50 to 62½c; eggs (also scarce) 62½c per doz.; chickens $5 per doz.; potatoes, 1½ to 2c per lb.; onions 2c per lb.; wood—cottonwood, $8 per cord; alder, $8 to $10 per cord.

Although autumn has far advanced, the weather continues mild and pleasant. More anon. Z.

S. T.—1860—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

Notice.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Notwithstanding the zeal and ability which have been devoted to its investigation it remained almost useless until Dr. H. Anders, [illegible] of New York, after years of patient labor and experiment, discovered a chemical process by which to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and [illegible] Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated [illegible] that it was published in the Medical Journals, and its use recommended to practitioners.
